The "USJA Request for Validation of Judo Rank" form has instructions for completion and lists all current validation fees. The examiner(s) will complete the "USJA Request For Validation Of Judo Rank" form, recommend the new member to the rank they believe the new member is qualified to hold, and send it with the appropriate validation fee to the USJA National Office for processing. **The candidate must be tested to the requirements in effect for all ranks up to & including proposed. Documentation must be typed & sent to the National Office.** Upon receipt of the documented information and validation form with associated paperwork the USJA National Office will forward to the PB for review. If approved a new card and rank certificate will be issued. **A person can only be validated once. That becomes the date of their valid promotion. Validation of Judo Rank is only for those that lack credentials of valid judo rank recognized by the International Judo Federation IJF. Once they have a valid rank they cannot be validated. When validating you must include the competed tests for all ranks up to & including proposed.**

When considering someone for validation remember this requires documentation on many years of studying Judo and although significant just because someone excels in competition this is only part of the requirements that must be met. There must be a equivalent time equal to the time one who have spent going through each rank up to the recommended rank. All forms and documents must be typed unless waived in writing by the PB.

Equivalent time This is the recommended minimum the applicant must have spent in the study of judo from the start of their study to the date of the recommendation for Validation.
